Lakretz Creative Support Services has supported schools, students and families since 1992. We provide cutting edge professional development, school planning, and individualized support for students in alignment with standards, regulations and best practices in education. The schools we work with are looking to systemically increase and/or improve their inclusive practices. Our services include workshops, direct coaching, and process facilitation. The coaches at LCSS have extensive experience in supporting administrators, teachers and staff to work with all students in inclusive settings. We specialize in Inclusive Education, Differentiated Instruction, Co-Teaching (both ICT and ENL), Teaming, Person-Centered Planning, and Community Building. Our areas of expertise also include developing inclusive academic strategies that provide meaningful access to the general education curriculum. We collaborate with schools on all parts of their process including creating a vision and plan, on-going monitoring and supporting that plan, information gathering, training, and coaching. In those processes, we work with administrators, teachers, staff and the community.
